TECHNICAL SKILLS

Microsoft 365, Entra ID/Azure AD, Intune, Windows Autopilot, Active Directory, Exchange Online, SharePoint, Teams, PowerShell, ServiceNow, ManageEngine, Jira, Freshworks, Sophos Firewall, UniFi, VPN, DNS/DHCP, Windows 10/11, printers, BitLocker

PROFESSIONAL EXPERIENCE

NVTech (New Vision Technologies)

Toronto, ON

IT Support Specialist, MSP Environment

Oct 2025 - Present

- Manage daily IT operations across 9 client organizations, maintaining Microsoft 365, identity, endpoint, printer, network, firewall, SaaS, and line-of-business application stability while resolving incidents with minimal business disruption.
- Administer Microsoft 365 and Entra ID operations across client environments, including user provisioning, licensing, mailbox/calendar delegation, MFA, Conditional Access travel exceptions, security groups, mail trace analysis, and Outlook/Teams/SharePoint support while resolving 50+ weekly Tier 1/2 tickets with fast response and strong customer feedback.
- Execute onsite infrastructure modernization projects, including Sophos UTM-to-Sophos appliance migrations, firewall rule/DHCP/VPN recreation, Windows 11 upgrades, and standardized network setup, enabling most client environments to adopt newer technologies while maintaining production workflow continuity.
- Automate and standardize repeatable support tasks using PowerShell for printer driver deployment, network-printer setup, onboarding-related mailbox/calendar access, reporting, and documentation, improving consistency across client environments.

S&C Electric Company

Toronto, ON

Junior System Administrator Co-op

May 2025 - Aug 2025

- Engineered Intune Win32 deployment packages for 5 enterprise applications by authoring 12 PowerShell install, uninstall, update, and configuration scripts totaling 1,500+ lines for FileOpen, Plantronics Hub Desktop, SKM Power Tools 11, Oracle Smart View 25.1, and Wireshark 4.4.7, standardizing software deployment and reducing manual installation dependency.
- Supported hybrid identity administration across Entra ID, on-prem Active Directory, Exchange Online, and AD Connect; assisted with 50+ security group migrations, mailbox delegation, mail trace analysis, Teams policy checks, and SharePoint permission reviews to maintain access continuity across cloud and on-prem environments.
- Authored standard work for 8 production-critical manufacturing systems and shopfloor applications, including Vista, Motherboard Burn-in, Modula WMS, Stencil CAD, GravoStyle 7/8, Xenetech/Viper, and specialized tester workstations, improving repeatability for rebuilds, recovery, and future IT support.

S&C Electric Company

Toronto, ON

Desktop Support Analyst Co-op

Sept 2024 - Apr 2025

- Resolved 450+ user incidents across international S&C locations, including Canada, the U.S., Mexico, England, and Australia, supporting executives, managers, office staff, engineers, and shopfloor users with fast response, clear communication, and minimal productivity disruption.
- Owned Level 1/2 desktop support through ServiceNow and LogMeIn, troubleshooting login/domain access, VPN reconnection, Outlook profile rebuilds, DHCP/DNS-related connectivity, printers, AV rooms, hardware performance, Bluetooth/audio issues, and Windows endpoint issues.
- Managed onboarding/offboarding and endpoint lifecycle tasks, including Autopilot laptop preparation, orientation-day support, MFA setup, device collection, user-profile wipe, account disablement, ServiceNow inventory updates, laptop battery replacement, Lenovo warranty coordination, and onsite technician scheduling.

CompuCom Systems Inc.

Mississauga, ON

IT Field Service Technician

May 2023 - Sept 2023

- Executed field-service deployments and BMO branch migration projects, installing workstations, printers, switches, and network hardware while validating IP configuration, domain access, connectivity, and print services during go-live cutovers.

Advanced Skytech Ltd.

Markham, ON

Computer Repair Technician

Sept 2020 - May 2023

- Repaired, tested, and validated high-volume desktop systems for major retail repair channels, building a strong hardware troubleshooting foundation across diagnostics, component replacement, imaging, and quality-control workflows.

EDUCATION

McMaster University

Hamilton, ON

- Bachelor of Technology, Software Engineering Technology

Dec 2025

Seneca Polytechnic

Toronto, ON

- Advanced Diploma, Computer Engineering Technology (Honours)

Apr 2020
