PROFESSIONAL SUMMARY

Microsoft 365 and identity-focused IT professional with experience spanning MSP, enterprise, and field environments. Skilled in administering M365 services including SharePoint Online, Microsoft Teams, Exchange Online, Entra ID, Microsoft Purview, and Intune across multiple client tenants simultaneously via Microsoft Lighthouse. Experienced in governance, security controls, PowerShell automation, and compliance workflows. Holds AZ-104 (Azure Administrator) certification with a strong foundation in ITIL service management. Comfortably operating in high-ticket, time-sensitive environments while maintaining security, compliance, and user productivity.

TECHNICAL SKILLS

M365 Administration: SharePoint Online, Microsoft Teams, Exchange Online, OneDrive for Business, Microsoft Forms, M365 Admin Center, Teams Admin Center, SharePoint Admin Center

Identity & Access: Entra ID (Azure AD), Active Directory DS, Conditional Access, MFA, Group Policy, Least-Privilege Enforcement, Delinea Privilege Manager

Governance & Compliance: Microsoft Purview (Audit Logs, Activity Monitoring, Content Search), Intune Compliance Policies, Defender for Office 365, Anti-Spoofing, Email Security

Automation & Scripting: PowerShell - user lifecycle, mailbox delegation, M365 Groups, security groups, app packaging, bulk phishing remediation

Cloud & Infrastructure: Microsoft Azure (AZ-104), Microsoft Lighthouse (multi-tenant), Windows Server, AD DS, File Server (NTFS/Share), Sophos Firewall/VPN, UniFi

Tools: ServiceNow, Syncro RMM, Intune Win32 app deployment, ScreenConnect, TeamViewer, 1Password, LastPass

PROFESSIONAL EXPERIENCE

NVTech (New Vision Technologies)

Toronto, ON

IT Support Specialist - MSP Environment

Oct 2025 - Present

- Administer Microsoft 365 tenants across 7 client organizations simultaneously via Microsoft Lighthouse, managing full user lifecycle, license assignments, mailbox configuration, Conditional Access, and MFA enforcement for 50 - 100 users per tenant.
- Administer SharePoint Online environments including external sharing settings, site permissions, and access troubleshooting; manage Teams Phone plans including license procurement, number assignment, and user troubleshooting.
- Develop and maintain PowerShell scripts for onboarding/offboarding workflows: calendar sharing via Exchange, mailbox delegation, M365 Group and security group management, and bulk phishing email remediation across all tenant mailboxes.
- Use Microsoft Purview to fulfill audit and compliance requests - querying user activity logs and filtering audit records to support HR and management investigations across client organizations.
- Manage email security policies including anti-spoofing domain protection rules, Defender for Office 365, and endpoint security enforcement; maintain 99% SLA compliance across 60+ weekly tickets.

S&C Electric Company

Toronto, ON

Jr. System Administrator

May 2025 - Aug 2025

- Supported 200+ enterprise users across hybrid identity environments (Entra ID, On-Prem AD, Exchange Online); migrated 50+ on-premises security groups to Exchange Online, reducing infrastructure overhead.
- Automated application packaging and deployment using PowerShell and Intune (Win32 app model) with silent install parameters, detection rules, and assignment targeting - reducing manual effort by 40%.
- Administered SharePoint Admin Center and Teams Admin Center; managed site permissions, access controls, and collaboration configurations for enterprise users.
- Enforced least-privilege principles via Delinea Privilege Manager; developed structured recovery documentation to minimize downtime during device failure events.

S&C Electric Company

Toronto, ON

Desktop Support Analyst

Sept 2024 - Apr 2025

- Resolved 400+ incidents across desktops, laptops, and networked devices with 99% CSAT; supported structured onboarding/offboarding including M365 setup, license assignment, and secure decommissioning.
- Troubleshoot network connectivity (LAN, Wi-Fi, VPN, DNS, NTFS permissions) and provided AV and conference room technical support in an enterprise environment.

CompuCom Systems Inc.

IT Field Service Technician

Mississauga, ON
May 2023 - Sept 2023

- Executed BMO bank branch migration projects: deployed workstations, printers, switches, and networking hardware with Ethernet patching for seamless cutovers with minimal downtime.
- Validated network connectivity, IP configuration, domain access, and print server functionality during branch go-live events; maintained 90%+ client satisfaction.

Advanced Skytech Ltd.

Computer Repair Technician

Toronto, ON
Sept 2020 - May 2023

Led desktop repair chain for bulk orders (Best Buy, Canada Computers, Amazon); repaired 100+ units daily with 99% resolution rating.
